Communications Interface Panel

Part Number: AFD-J924 A-D Series

Description
The J924 A-D series communication panels are heavy duty desktop communication interface panels. These compact steel control panels provide a desktop interface to an intercom and/or paging system. Mounted on the face of the J924 A-D series unit is a speaker with volume control, microphone and push-to-talk button.

Features
- Volume control knob
- Push-to-talk pushbutton
- Speaker
- Astatic dynamic microphone

Mechanical
- Black powder coat finish on detention grade steel
- Weight: 3 Lbs.

Wiring Options
- All devices wired to internal terminals
- All devices wired to 10’ cable connected to terminals
- All devices wired to 10’ cable, colored pigtail (no terminals)
Listed below are the available units in this series of intercom panels.
