Electrical Control & Display Solutions

The **Automatic Choice** for Integrators Worldwide.

*"Working with ADi has **always been a positive experience**. Their industry knowledge and collaboration efforts **make custom projects easy to navigate and install**. ADi does a fantastic job accommodating design challenges and partnering with Kain Energy to reach a positive project outcome."*

**CARY KAIN**  
of Kain Energy Corp.

# STANDARDIZED SERVICES

## HIGH VOLUME STANDARDIZED CONTROL PANELS

Expertly-crafted standardized electrical control panel and display solutions with high-volume production and diverse industry application capabilities including building automation, data centers, environmental centers, and more.

## CUSTOM ELECTRICAL CONTROL PANELS

From custom one-off panels to standardized manufacturing, our innovative electrical control panels are designed, manufactured, and tested on-site with seamless integration and forever support.

## TOUCH SCREEN & DISPLAY PANELS

Fully customizable capacitive touch series graphic control panels expertly designed and engineered to monitor, measure, and control critical equipment and processes through a simple user interface and at-a-glance monitoring.

## GRAPHIC CONTROL & ANNUNCIATOR PANELS

Completely customizable graphics and annunciation graphics are as unique as your project. From graphic floor plans and logos to customizable colors and layouts, these panels are designed to meet each application's specific requirement while lasting the test of time.

## INDUSTRY & APPLICATION

INDUSTRIAL AUTOMATION

ENVIRONMENTAL

OIL & GAS

DATA CENTERS

SMOKE & FIRE CONTROL

BUILDING AUTOMATION

DETENTION & SECURITY

## ENGINEERING EXPERTISE:

### Mechanical Engineering

In-house custom enclosure design with job-specific materials and coatings.

### Software Engineering

In-house embedded firmware development and UWP application development.

### Electrical Engineering

In-house design of control and signaling systems and PLC/HMI programming.

### Technical Advisory Board

Industry-leading designers and engineers for ultimate support in a variety of fields.

## MANUFACTURING CAPABILITIES:

CNC Router

Automated Wire Processing

Dedicated Assembly

Custom Packaging

Graphics Shop

Functional Testing

On-Time Delivery

Stable Supply Chain

## FOREVER SUPPORT

**Free Remote Technical Support** for life of the panel.

# WHYADi?

---

**Secure & Stable** supply chain

**Proven Track Record** of successful supply through trusted partners and global integrators

**50+ Years** of business

**High Volume Capabilities** for superior manufacturing design and production

**Outstanding Quality & Durability** to back our products for life

## Trusted Solutions. Listed Products.
